

Save the Reels!

Sonoco will pick up your used wooden and polyfiber reels to be repaired and refurbished for reuse by a cable or cordage producer. Our 7-step refurbishment process ensures that Eco®Reels are even better the second time around.

How to pack the Sonoco-supplied truck

Sonoco provides the truck for returning your wooden reels for recycling. You gather the reels and load the truck. Overlapping flanges as they're stacked will better nest the reels to fully use the entire cubic volume of the trailer.

Nailed wood reels

Polyfiber reels

How many reels should fit in a 53-foot van?

Diameters		Traverse length in. (mm)	Maximum Number of Reels
Flange in. (mm)	Drum in. (mm)		
36 (914)	24 (610)	17 (431)	200
42 (1,067)	26 (660)	18 (457)	120
48 (1,219)	28 (711)	24 (610)	100
50 (1,270)	32 (813)	24 (610)	60
54 (1,372)	32 (813)	36 (914)	60
58 (1,473)	32 (813)	24 (610)	56
60 (1,524)	28 (711)	28 (711)	39
66 (1,676)	36 (914)	36 (914)	24
72 (1,829)	36 (914)	36 (914)	22
84 (2,134)	46 (1,168)	42 (1,067)	9
90 (2,286)	45 (1,143)	42 (1,067)	9
96 (2,438)	60 (1,524)	42 (1,067)	8
